華文報告

January 19th., 1944.

Finland is the partner of the Tripartite Powers Pact and has entered war against Soviet Russia in June 1941 together with Germany.

Mr. H. Tanner is the Finnish Consul-General in Shanghai and Consulate is located at 301 Route Cardinal Mercier.

However Finland has not yet recognized the National Government of China and there are no diplomatic relations between two countries, but the Finnish Consulate-General continues to function as before. The present status of the Finnish Consulate-General same as that of the Swedish Consulate-General as Sweden also has not yet recognized the National Government of China.

Prior to incorporation of Latvia in the U.S.S.R. on August 5th., 1940, Latvian interests in Shanghai were represented by the Finnish Consulate-General and for this purpose Mr. J. PURE was employed by the Consulate in the capacity of a Secretary to look after Latvian interests. However the Finnish Consulate-General ceased to represent Latvian interests on August 14th., 1940 and all documents and files relating to Latvian interests were handed over to the Norwegian Consulate-General which then represented Soviet interests in Shanghai.

Now Latvia is under German occupation. From the above it may be seen that Mr. J. Pure has never held any diplomatic status and now he may be regarded as stateless citizen of Latvian origin.

*We can't
recognize
the applicant
as the diplomat.*
